#023:Clinton Sleeper: On questioning concerning resistance (2015)

Confident as you have ever been, approach the banker, the venture capitalist, the investor, or the financial advisor.

Ask them if they would be interested in a fight.
Be clear. Whatever fight you two are to have is on mutual terms; formal, organized, in the ring, gloves, bare knuckles, in the street, in front of the office building, wrestling on the sod. It must be physical.

We are not having an argument. This is not a debate. Not a discussion.
Haven't we made every effort to be non-violent?
Following those duelling terms, a crescendo and a question.
What would it look like to win?
Can we fight capitalism?
