#041:Sean Nelissen: Objectual translations (2015)

Strike a random conversation with a stranger.

The topic can be about whatever you wish (planned or improvised).

After the conversation has come to an end, select an object which is a metaphoric representation of your experience of the conversation.

Give this object to the one with whom you had the conversation with, without any explanation of the item's meaning.

When you performed this work, please don't forget to send a response (text, photo or video, whatever you choose) to **done@theconceptbank.org**. We will archive it (anonymously) and we will also forward it to the artist. Thanks and we hope you will visit us again.

Theconceptbank.org is a non-profit initiative, the use of the databank will be free for everybody. Please don't publish the work on social media! It is free for you to use but it is not yours.
