## #078: Frans van Lent: A Separated Song for Separated Lovers (2016)

The quality of physical separation is blurred by contemporary media.

This experience of separation can also celebrate your love,  
can make you feel more intensely bonded.  
Restore the harmony to be separated not only in space but also in time.

Make a small poem, a song or a gesture. Write this in a letter to your lover.  
Then both of you recite, sing or perform this  
at the same hour, but in your local time zone.

When you performed this work, please don't forget to send a response  
(text, photo or video, whatever you choose) to [done@theconceptbank.org](mailto:done@theconceptbank.org).
