#081:Lilo Nein: Raining (2017)

Players:

- 2 instrument players: one viola, one accordion
- 1 to 20 word-givers

Situation:

The instrumentalists are standing back to back in the middle of a room.
The word-givers are spread around (standing, sitting on the floor, lying).

Game:

The instrument players think of rain and play it while moving through the space.
During moving the contact of the two backs should be kept at all time as much as possible.
The word-givers can from time to time say out loud words which describe rain.
The instrument players react to these words, so that the rain changes in the course of the performance.
