## #099: Sabine Oosterlynck: Washing the Expiration Date (2018)

When you buy a perishable product with a printed expiration date, mark this date in your diary.

When this date is reached, peel off the sticker with the expiration date, wash it between your fingers and keep going until the date is erased or the label falls apart.

Keep the remnant as a residue of the activity.

When you performed this work, please don't forget to send a response (text, photo or video, whatever you choose) to [done@theconceptbank.org](mailto:done@theconceptbank.org). We will archive it (anonymously) and we will also forward it to the artist. Thanks and we hope you will visit us again.

Theconceptbank.org is a non-profit initiative, the use of the databank will be free for everybody. Please don't publish the work on social media! It is free for you to use but it is not yours.
