## #100: Helinä Hukkataival: Blink of an Eye, 2018

- Sit or stand anywhere, inside or outside.
- Fix your eyes to anything, that stands still.
- Do not move your eyes from the fixed point you chose.
- Blink your eyes 100 times. Do it at even speed.
- When blinking, be aware of what you see between the blinks.
- Be also aware of the movement of your eyelids

The work can be repeated in different places and with other people doing the same action at the same time. The length of the blink can vary in different situations.
